

units for use as assisted housing units) undertaken to expand choice for minority families outside of areas of minority concentration.

(F) A significant proportion of minority households has been successful in finding units in non-minority areas under the tenant-based assistance programs.

(G) Comparable housing opportunities have been made available outside areas of minority concentration through other programs.

(vi) Application of the “overriding housing needs” criterion, for example, permits approval of sites that are an integral part of an overall local strategy for the preservation or restoration of the immediate neighborhood and of sites in a neighborhood experiencing significant private investment that is demonstrably improving the economic character of the area (a “revitalizing area”). An “overriding housing need,” however, may not serve as the basis for determining that a site is acceptable, if the only reason the need cannot otherwise be feasibly met is that discrimination on the basis of race, color, religion, sex, national origin, age, familial status, or disability renders sites outside areas of minority concentration unavailable or if the use of this standard in recent years has had the effect of circumventing the obligation to provide housing choice.

(4) The site must promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.

(5) The neighborhood must not be one that is seriously detrimental to family life or in which substandard dwellings or other undesirable conditions predominate, unless there is actively in progress a concerted program to remedy the undesirable conditions.

(6) The housing must be accessible to social, recreational, educational, commercial, and health facilities and services and other municipal facilities and services that are at least equivalent to those typically found in neighborhoods consisting largely of unassisted, standard housing of similar market rents.

(7) Except for new construction, housing designed for elderly persons, travel time, and cost via public trans-

portation or private automobile from the neighborhood to places of employment providing a range of jobs for lower-income workers, must not be excessive.

§ 983.58 Environmental review.

(a) *HUD environmental regulations.* Activities under the PBV program are subject to HUD environmental regulations in 24 CFR parts 50 and 58.

(b) *Who performs the environmental review?* (1) Under 24 CFR part 58, a unit of general local government, a county or a state (the “responsible entity” or “RE”) is responsible for the federal environmental review under the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) and related applicable federal laws and authorities in accordance with 24 CFR 58.5 and 58.6.

(2) If a PHA objects in writing to having the RE perform the federal environmental review, or if the RE declines to perform it, then HUD may perform the review itself (24 CFR 58.11). 24 CFR part 50 governs HUD performance of the review.

(c) *Existing housing.* In the case of existing housing under this part 983, the RE that is responsible for the environmental review under 24 CFR part 58 must determine whether or not PBV assistance is categorically excluded from review under the National Environmental Policy Act and whether or not the assistance is subject to review under the laws and authorities listed in 24 CFR 58.5.

(d) *Limitations on actions before completion of the environmental review.* (1) The PHA may not enter into an Agreement or HAP contract with an owner, and the PHA, the owner, and its contractors may not acquire, rehabilitate, convert, lease, repair, dispose of, demolish, or construct real property or commit or expend program or local funds for PBV activities under this part, until one of the following occurs:

(i) The responsible entity has completed the environmental review procedures required by 24 CFR part 58, and HUD has approved the environmental certification and request for release of funds;

(ii) The responsible entity has determined that the project to be assisted is

§ 983.59

exempt under 24 CFR 58.34 or is categorically excluded and not subject to compliance with environmental laws under 24 CFR 58.35(b); or

(iii) HUD has performed an environmental review under 24 CFR part 50 and has notified the PHA in writing of environmental approval of the site.

(2) HUD will not approve the release of funds for PBV assistance under this part if the PHA, the owner, or any other party commits funds (*i.e.*, enters an Agreement or HAP contract or otherwise incurs any costs or expenditures to be paid or reimbursed with such funds) before the PHA submits and HUD approves its request for release of funds (where such submission is required).

(e) *PHA duty to supply information.* The PHA must supply all available, relevant information necessary for the RE (or HUD, if applicable) to perform any required environmental review for any site.

(f) *Mitigating measures.* The PHA must require the owner to carry out mitigating measures required by the RE (or HUD, if applicable) as a result of the environmental review.

§ 983.59 PHA-owned units.

(a) *Selection of PHA-owned units.* The selection of PHA-owned units must be done in accordance with § 983.51(e).

(b) *Inspection and determination of reasonable rent by independent entity.* In the case of PHA-owned units, the following program services may not be performed by the PHA, but must be performed instead by an independent entity approved by HUD.

(1) Determination of rent to owner for the PHA-owned units. Rent to owner for PHA-owned units is determined pursuant to §§ 983.301 through 983.305 in accordance with the same requirements as for other units, except that the independent entity approved by HUD must establish the initial contract rents based on an appraisal by a licensed, state-certified appraiser; and

(2) Inspection of PHA-owned units as required by § 983.103(f).

(c) *Nature of independent entity.* The independent entity that performs these program services may be the unit of general local government for the PHA jurisdiction (unless the PHA is itself

24 CFR Ch. IX (4–1–10 Edition)

the unit of general local government or an agency of such government) or another HUD-approved public or private independent entity.

(d) *Payment to independent entity and appraiser.* (1) The PHA may only compensate the independent entity and appraiser from PHA ongoing administrative fee income (including amounts credited to the administrative fee reserve). The PHA may not use other program receipts to compensate the independent entity and appraiser for their services.

(2) The PHA, independent entity, and appraiser may not charge the family any fee for the appraisal or the services provided by the independent entity.

Subpart C—Dwelling Units

§ 983.101 Housing quality standards.

(a) *HQS applicability.* Except as otherwise provided in this section, 24 CFR 982.401 (housing quality standards) applies to the PBV program. The physical condition standards at 24 CFR 5.703 do not apply to the PBV program.

(b) *HQS for special housing types.* For special housing types assisted under the PBV program, housing quality standards in 24 CFR part 982 apply to the PBV program. (Shared housing, co-operative housing, manufactured home space rental, and the homeownership option are not assisted under the PBV program.)

(c) *Lead-based paint requirements.* (1) The lead-based paint requirements at § 982.401(j) of this chapter do not apply to the PBV program.

(2) The Lead-based Paint Poisoning Prevention Act (42 U.S.C. 4821–4846), the Residential Lead-based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851–4856), and implementing regulations at 24 CFR part 35, subparts A, B, H, and R, apply to the PBV program.

(d) *HQS enforcement.* Parts 982 and 983 of this chapter do not create any right of the family or any party, other than HUD or the PHA, to require enforcement of the HQS requirements or to assert any claim against HUD or the PHA for damages, injunction, or other relief for alleged failure to enforce the HQS.

(e) *Additional PHA quality and design requirements.* This section establishes the minimum federal housing quality
